THE STATE OF SOUTH CAROLINA 2013 ANNUAL SCHOOL REPORT CARD

RATINGS OVER 5-YEAR PERIOD

YEAR	ABSOLUTE RATING	GROWTH RATING
2013	Below Average	Below Average
2012	Below Average	Below Average
2011	Below Average	Excellent
2010	At-Risk	At-Risk
2009	At-Risk	Good

DEFINITIONS OF SCHOOL RATING TERMS

- Excellent – School performance substantially exceeds the standards for progress toward the 2020 SC Performance Vision
- Good – School performance exceeds the standards for progress toward the 2020 SC Performance Vision
- Average – School performance meets the standards for progress toward the 2020 SC Performance Vision
- Below Average – School is in jeopardy of not meeting the standards for progress toward the 2020 SC Performance Vision
- At-Risk – School performance fails to meet the standards for progress toward the 2020 SC Performance Vision

SOUTH CAROLINA PERFORMANCE VISION

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

Report of Principal and School Improvement Council

Carolina High School and Academy is a public high school located in the metropolitan area of Greenville County and has been serving the students, parents, and community members of the county for 56 years. We currently house approximately 650 students at a poverty index of 92.68%. We have two separate magnet programs located within our building that serve students from across our district in engineering and health science related professions.

We have had many celebrations throughout the 2012-2013 school year. We continue to show progress and growth on our report card data. This is a true testament to the hard work and efforts of our students and staff in our pursuit of excellence. We increased the number of students taking AP classes from zero in 2010 to over one hundred students in 2012-2013. Our High School Assessment Program (HSAP) scores and graduation rate have been on a steady increase over the past three years creating more opportunities for our students throughout our school community. This is the direct result of the increase in rigor in our classroom instruction. We have a tremendously talented and dedicated faculty and staff that have answered the call to teach the whole child. We truly believe in individualizing the educational experience for all our students through building relationships.

Our students have had tremendous accomplishments throughout the year which include, but are not limited to, having ten students place in the top ten nationally in HOSA competitions, coming in eighth place overall in the state Science Olympiad competition, accumulating over one million dollars in college scholarships, and having several students recognized district and state-wide for their art work. The athletic arena was no different as we had two state qualifiers in our re-born wrestling program; our girls' basketball team had their best region finish in over five years; our boys' basketball team qualified and competed in the second round of the state playoffs; and we won region championships in both the girls' 4 x 100 relay and the boys' 400m hurdles. As well as these team victories we also had athletes shine individually with four all-region football players, two all-region wrestlers, four all-region basketball players, one all-region baseball player, two all-region soccer players, and five all-region track athletes. Out of these eighteen athletes, six of them also received all county honors and eight of them earned all-state honors.

We have also developed several very successful business partnerships which have created opportunities, internships, and life experiences for both our students and staff. We have incorporated PITSCO Synergistic Labs into our curriculum, affording our students the opportunity to actually experience education at a whole new level with an emphasis on team work and project-based learning. With all of this, our students have become and will remain the center of our school and the basis of all our decisions.

Our students, faculty, and staff are committed to becoming an excellent school and doing Whatever It Takes! to get there.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.

Overall Weighted Points Total	35.4
Overall Grade Conversion	F

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations

Accountability Indicator for Title I Schools

Carolina High School and Academy school has been designated as a:

- ☐ Title I Reward School for Performance - among the highest performing Title I schools in a given year.
- ☐ Title I Reward School for Progress – one of the schools with substantial progress in student subgroups.
- ☐ Title I Focus School – one of the schools with the highest average performance gap between subgroups.
- ☐ Title I Priority School – one of the 5% lowest performing Title I schools.
- ☐ Title I School – does not qualify as Reward, Focus or Priority School.
- ☒ Non-Title I School – therefore the designations above are not applicable.

Teacher Quality Data
